

FIREPLACE PAINT

STONE EFFECT PAINT

An exceptional stone effect paint that effortlessly transforms your fireplace into an elegant stone feature.

Give an authentic stone effect to fire surrounds, back panels, hearths and even the walls around stoves and log burners.

Benefits

CREATE AN ELEGANT STONE FEATURE

Effortlessly create a stunning stone focal point that looks and feels like real stone.

LOOKS & FEELS LIKE REAL STONE

Formulated with natural ground stone for an unbeatable stone effect finish that looks and feels like real stone.

COST EFFECTIVE

Experience the quality, luxury and elegance of stone, all at a fraction of the cost.

THE PERFECT STONE FINISH

Select from our exclusive stone shades and textures, meticulously curated to reflect the UK's rich traditional stone heritage. Whether its the natural Limestone or the striking statement of Blackpearl, you'll find the ideal colour and texture for your perfect finish.

DURABLE & LONG LASTING

Crafted from only the finest quality ingredients, our coatings are formulated to stand the test of time. They are not only durable, but are also scrubbable for your convenience.

Application

METHOD

Brush, Foam Roller or Spray

PREPARATION

Ensure surface is clean, sound and dry. Sand pre-painted and glossy surfaces. Repair any damage with a suitable filler. Apply at least 1 coat of Stonelux Primer.

APPLICATION

Stir well before use. Apply using an economy natural bristled brush, foam roller or spray. Apply a minimum of 3 coats. Avoid overspreading. Do not over brush/roll. If brush marks remain, finish with stippling. Leave 2-3 hours between coats.

When spraying, use a minimum nozzle size 1.8mm. Can be diluted using no more than 20% water.
